Safety information

IT IS IMPORTANT THAT YOU READ THE SAFETY AND PRODUCT INFORMATION BOOKLET (INCLUDED) PRIOR TO USING YOUR BLACKBERRY® DEVICE. It contains essential safety information related to your device.

More tips, interactive demos, and videos are online!

For more info, go to **www.blackberry.com/gettingstarted**.

1 Insert the SIM card and battery

Depending on your BlackBerry® device model or your wireless service provider, you might not need to insert a SIM card to use your device.

2 Charge the battery

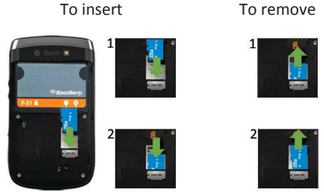
If your BlackBerry® device does not turn on automatically, charge the battery or press and hold the key.

Chargers might vary by region.

- full battery power
- battery charging
- low battery power

3 Insert a media card

You can use a media card to store more media files. A media card might already be in your BlackBerry® device.



To see a video, on the Home screen, tap the **Setup** icon and see the **Help & Tutorials** section.

4 Set up your device

Get started quickly with Setup!

Setup should appear automatically, but if it doesn't, on the Home screen, tap the **Setup** icon.

- Set up email addresses and social networking accounts
- Personalize your BlackBerry® device
- Learn about typing and important keys
- Set up wireless and Bluetooth® connections

5 Set up your email

1. If you're in Setup already, tap the **Email Accounts** icon. If you aren't in Setup, on the Home screen, tap the **Setup** icon > **Email Accounts** icon.
2. Follow the screens to set up your email address. When your email address is set up correctly, you receive a confirmation message. To see your email, on the Home screen, click the **Messages** icon.

Note: In some cases, you might see the following options. If so, select one of the options.

- **Internet Mail Account**: Use this option to associate your BlackBerry® device with one or more existing email accounts (for example, Windows Live™ Hotmail®) or to create a new email address for your device.
- **Enterprise Account**: If your administrator gave you an enterprise activation password, use this option to associate your device with your work email account using the BlackBerry® Enterprise Server.

If you are trying to set up an Internet email account (for example, Windows Live™ Hotmail®) or a new email address for your device, and do not see this option, contact your administrator or wireless service provider.

Need help setting up your email?

- On the Home screen, tap the **Setup** icon. On the **Email Accounts** screen, verify that your email address information is correct.
- Verify with your wireless service provider that your email account type is supported.
- Verify that you have switched devices correctly.

For more info about setting up an email address, go to www.blackberry.com/docs/smartphones and click the link below **Email Setup**.

Switch devices

To switch from a BlackBerry® device that has an existing email address and to move your data to a new BlackBerry device, do the following:

1. On your computer, open BlackBerry® Desktop Software 6.0. To get the latest software, go to www.blackberry.com/desktopsoftware.
2. If you have a SIM card, put it into your new device.
3. Connect your new device to your computer.
4. In the dialog box that appears, click **Copy data and settings from another device** and follow the prompts.
5. On your new device, on the **Setup** screen that appears, tap the **Email Accounts** icon and follow the prompts. If you decline any of the prompts, email won't be sent to your new device. If you're selling or buying a previously owned BlackBerry device that operates on CDMA networks, contact your wireless service provider to switch devices.

To delete data from your previous device, in the BlackBerry Desktop Software, click the **Device** menu > **Delete data**.

Navigation tips

Home screen

More icons on the Home screen

See more icons	Side your finger up
See more views	Slide your finger left or right
Open the pop-up menu	Touch and hold an application icon or item, such as a message

Applications

Get started with some of these great applications.

Messages
Send emails, PIN messages, and more.

Text Messages
Send text messages.

Browser
Browse websites.

Media
See saved pictures, play songs, and more.

Camera (if supported)
Take pictures.

Instant Messaging
Chat with friends or colleagues.

Options
Set your device options. You can find more options in each application menu.

Manage Connections
Set up wireless connections, such as a Bluetooth® connection.

Help
Find answers here or tap **Help** in a menu.

To show or hide an icon, highlight the icon using the trackpad. Press the key > **Show All** or **Hide**.

For more tips, on the Home screen, tap the **Setup** icon and see the **Help & Tutorials** section.

Important: When you use your device, take frequent breaks. If you experience discomfort in any part of your body, stop using your device immediately. If the discomfort persists, consult a physician.

Send an email

1. On the Home screen, tap the **Messages** icon.
2. Tap the icon > **Email**.
3. In the **To** field, type an email address.
4. Type a message.
5. Tap the icon.

BlackBerry Messenger

Stay connected with friends or colleagues who have a BlackBerry® device! Send instant messages, update your status, and create groups so that you can share pictures, appointments, and more with family and friends.

Change your ring tone

1. From the Home screen, press the key.
2. Press the key > **Phone Ring Tones**.
3. In the **Ring Tone** field, tap a preloaded ring tone or tap **All Music**.
4. Press the key > **Save**.

Download a ring tone

1. On the Home screen, tap the **Media** icon > **Ring Tones** icon.
2. Press the key > **Download Ring Tones**.

Additional data charges might apply. For information, contact your wireless service provider. If this feature is not available, you can download ring tones from other web sites.

Pair with a Bluetooth enabled device

You must pair your BlackBerry® device with the Bluetooth® enabled device before you can connect to it. For information about preparing a Bluetooth enabled device for pairing, see the instructions for that device.

1. On the Home screen, tap the connections area at the top of the screen, or tap the **Manage Connections** icon.
2. In the Setup, Services, and Options section, tap **Bluetooth Connections**.
3. If necessary, change the **Bluetooth** field to **On**.
4. Tap **Add New Device** > **Search**.
5. Tap the Bluetooth enabled device.
6. If necessary, do one of the following:
   - If the Bluetooth enabled device doesn't have a keyboard, on your BlackBerry device, type the pairing passkey found in the instructions for your Bluetooth enabled device.
   - If the Bluetooth enabled device has a keyboard, type a pairing passkey of your own choosing on both devices.

Browse websites

Depending on your wireless service provider, your BlackBerry® device might have multiple browsers. For information about the fees associated with each browser, contact your wireless service provider.

1. On the Home screen, tap the **Browser** icon.
2. Type a web address. If an address bar doesn't appear, press the key > **Go To**.
3. Tap **Go** or the key.

Tabbed browsing

With the new tabbed browsing feature, you can easily switch between websites that you have open. For more info, see the Explore poster (included).

Take a picture

1. On the Home screen, tap the **Camera** icon.
2. To zoom in to or out from a subject, slide your finger up or down.
3. Tap the icon.

Record a video

1. On the Home screen, tap the **Media** icon > **Video Camera** icon.
2. Tap the icon.
3. To pause recording, tap the icon.

Depending on your BlackBerry® device model, the camera or video camera might not be supported or some camera or video camera features might not be available.

Change your wallpaper

1. From the Home screen, press the key.
2. Tap **Options** > **Change Wallpaper**.
   - To take a picture, tap **Camera**. Tap the **camera** icon.
   - To use an existing picture, tap a category. Tap a picture.
3. Press the key > **Set As Wallpaper**.
4. Press the key to return to the Home screen.

Connect using Wi-Fi

1. On the Home screen, tap the connections area at the top of the screen, or tap the **Manage Connections** icon.
2. In the Setup, Services, and Options section, tap **Set Up Wi-Fi Network**.
3. If prompted, tap **Turn on Wi-Fi**.
4. If you want to connect to a public hotspot or Wi-Fi® network that does not require a password, select the **Show Open networks only** check box.
5. Tap the Wi-Fi network that you want to connect to.

Download apps and themes

You can download applications, themes, and ring tones from your wireless service provider's web site (if available) or from the BlackBerry App World™ storefront.

1. To download a theme, on the Home screen, tap the **Options** icon.
2. Tap **Display** > **Screen Display**.
3. Press the key > **Download Themes**.

Your wireless service provider might not support this feature.

Additional data charges might apply. For information, contact your wireless service provider.

Connect to your computer

You can use BlackBerry® Desktop Software 6.0 to back up and restore BlackBerry device data and sync calendar appointments, music, pictures, and more between your device and computer.

To download the BlackBerry Desktop Software, go to **www.blackberry.com/desktopsoftware**.

Sync your media files

1. Connect your BlackBerry® device to your computer.
2. On your computer, open the BlackBerry® Desktop Software.
   - If you're using a Windows® computer, click **Music, Pictures,** or **Videos**.
   - If you're using a Mac computer, in the **Media** section in the left pane, click **Music**. Mac users can sync only music.

For more info, see the Help in the BlackBerry Desktop Software.
